

# GERMANS ADVANCING ON SEAPORT OF OSTEND

## British and Belgian Troops Dispute the Approach to Ghent Tonogold Leasers Kept Busy Doing Systematic Development

## GERMAN AEROPLANES BRING DEATH TO PARIS WHILE WARNING PEOPLE ITS TURN NEXT

Tonogold, the new gold camp that is attracting a large amount of attention at the present time, was visited yesterday by a crowd of people estimated to number close to 400 persons.

Leasers were kept busy answering questions relative to their showings, values of ore, depth, etc., and many climbed up and down the ladders to see the ore in place and fully satisfy themselves as to the future destiny of the camp. Among those experienced in mining there was but one opinion expressed and that was to the effect that a camp of decided merit and promise is in the making. All the leasers without exception are energetically striving to reach depth and prove up their holdings. The confidence of the leasers is contagious and some visitors who were skeptical over the

merits of the camp returned to Tonopah decidedly convinced as to its bright future.

Eugene Bertram reports that quite a number of sales were made and many lots reserved by intending buyers. The next few weeks will doubtless see a good many business structures started by those now interested in the camp. The Rye Patch water pipe line runs within 100 feet of the southeast end of Main street and the power line not a great distance away, and the camp starts out under the most happy auspices as regards its future success.

The Wardle lease is looking very good. The shaft is down 24 feet. At 10 feet Wardle encountered a stringer 2 inches wide which assays \$160 and shows further widening tendencies. He also has 10 to 12

inches of \$15 pay dirt on the foot wall.

The Miner lease on the S. & S. Merilana claim, C. M. Cole in charge of the above named lease, has installed collar at the new shaft which is now down 12 feet and expect to crosscut the vein at 50 feet. The old incline workings have good ore of milling grade exposed, 120 north of new shaft.

The Tennessee Leasing company is pushing right along and is now down 30 feet, following the ore which maintains a width of 12 inches of estimated value of \$30 a ton. The vein now stands almost vertical in the last few feet of sinking. From 4 to 5 inches of ore has come in on the hanging wall and according to careful panning is thought it will run from \$50 to \$75 at least. About 15 sacks of \$50 ore have been saved in development work. Carl Bullock is in charge and it looks as though this lease will soon be in the producing class.

Excellent headway is being made on the May lease, where there is exposed 3 feet of solid ore that averages from \$10 to \$12 a ton with 5 tons on the dump. The ore is a highly oxidized quartz and talc and is looking better with each foot of depth gained.

The Booth-Hyland lease No. 6, adjoining May on the north side, has encountered ore which pans a few coarse colors at 11 feet. Scotty Hodge and partner are going after it strong and present appearances are very promising.

### TWELVE INNINGS TO SETTLE GAME IN FAVOR OF BOSTON

SCORE BY INNINGS

	1	2	3	4	5	6	7	8	9	10	11	12	R	H	E
Boston	0	1	0	1	0	0	0	0	2	0	1	5	9	1	
Philadelphia	1	0	0	1	0	0	0	0	2	0	0	4	9	2	

(By International News Service.)  
PENNSYLVANIA PARK, BOSTON, Oct. 12.—In a thrilling finish of a twelve-inning struggle the Boston Nationals defeated the Philadelphia Athletics by a score of five to four. The series of the game stands Boston three Athletics naught. The struggle was nip and tuck first to the last. It was Gowdy's formidable bat that carried the game for Boston with a drive out for a home run and two doubles, all spelling runs. Bush and Tyler pitched. Honors were won. Devore batted for Tyler in the tenth, James replacing Tyler in the box in the eleventh. It appeared an Athletic victory when they scored two, but Gowdy drove a homer, and a base on balls, a single by Evers and a sacrifice by Connolly tied the teams. In the twelfth Gowdy doubled, and Mann, running for Gowdy, scored.

With a probable attendance of 34,700, probable receipts \$63,000, betting is 3 to 1 that the Braves will win the series. Five to 4 is bet that they win today. Thirty thousand fans were in line when the unserved seat ticket windows opened at 10 o'clock. Speculators got \$12 for \$2 tickets, \$12 to \$15 for \$3 tickets and \$25 to \$40 for box seats. Weather is sunny and warm.

The lineup:

	Position	Philadelphia	Boston
First	Right field	Murphy	Walsh
Second	Center field	Oldring	Walsh
Third	First base	McInnis	McInnis
Fourth	Second base	Collins	Collins
Fifth	Third base	Baker	Baker
Sixth	Short stop	Barry	Barry
Seventh	Pitcher	Bush	Tyler
Eighth	Catcher	Shang	Gowdy
Ninth	Umpire	Klem behind bat	Dineen on bases
Tenth	Base	Byron and Hildebrand	on four lines

The game by innings:

First Inning.  
Athletics—Murphy doubled on the left field foul line. Oldring out, sacrifice, Tyler to Schmidt. Collins lined to Connolly, who dropped it, too hot. Murphy scored. Baker fanned. McInnis walked. Walsh out. Collins out napping. Tyler to Evers. One run.

Second Inning.  
Athletics—Walsh out, Tyler to Schmidt. Barry fouled out to Schmidt. Shang flew out to Evers, who made a remarkable one-handed catch. No runs.

Third Inning.  
Athletics—Schmidt struck out. Deal flew out to Baker. Maranville walked. Gowdy out. Maranville struck out. Gowdy doubled to left bleachers, scoring Maranville. Tyler out, Barry to McInnis. One run.

Fourth Inning.  
Athletics—Collins lined to Evers. Baker fanned. McInnis doubled to left field bleachers. Walsh singled, scored. No runs.

Fifth Inning.  
Athletics—Walsh out, Tyler to Schmidt. Deal flew out to Evers, who made a remarkable one-handed catch. No runs.

Sixth Inning.  
Athletics—Schmidt struck out. Deal flew out to Baker. Maranville walked. Gowdy out. Maranville struck out. Gowdy doubled to left bleachers, scoring Maranville. Tyler out, Barry to McInnis. One run.

Seventh Inning.  
Athletics—Walsh out, Tyler to Schmidt. Barry fouled out to Schmidt. Shang flew out to Evers, who made a remarkable one-handed catch. No runs.

Eighth Inning.  
Athletics—Schmidt struck out. Deal flew out to Baker. Maranville walked. Gowdy out. Maranville struck out. Gowdy doubled to left bleachers, scoring Maranville. Tyler out, Barry to McInnis. One run.

Ninth Inning.  
Athletics—Walsh out, Tyler to Schmidt. Barry fouled out to Schmidt. Shang flew out to Evers, who made a remarkable one-handed catch. No runs.

Tenth Inning.  
Athletics—Schmidt struck out. Deal flew out to Baker. Maranville walked. Gowdy out. Maranville struck out. Gowdy doubled to left bleachers, scoring Maranville. Tyler out, Barry to McInnis. One run.

Eleventh Inning.  
Athletics—Walsh out, Tyler to Schmidt. Barry fouled out to Schmidt. Shang flew out to Evers, who made a remarkable one-handed catch. No runs.

Twelfth Inning.  
Athletics—Schmidt struck out. Deal flew out to Baker. Maranville walked. Gowdy out. Maranville struck out. Gowdy doubled to left bleachers, scoring Maranville. Tyler out, Barry to McInnis. One run.

(By International News Service.)  
PARIS, Oct. 12.—The second German aerial raid upon Paris, the second within 24 hours, was made today by a Taube aeroplane which swooped down upon the city from the northeast and dropped bombs between two crowded passenger trains just steaming out of the Northern Railway station. The missiles failed to explode and later were found imbedded in the earth two feet beneath the surface.

Paris had not yet recovered from the excitement over Sunday's raid when a second sky attack was launched. Just a short time before the French aerial patrols returned after vainly scouring the sky for two Taube machines that dropped eight bombs yesterday, killing three and wounding 14. Along with eight bombs dropped

(By International News Service.)  
LONDON, Oct. 12.—A Berlin dispatch says: "A French cavalry division was completely routed by German cavalry west of Lille. Near Hazebrouck the Germans inflicted severe losses on another cavalry division. In the eastern theater the Germans repulsed in the north all attacks of two Russian armies October 9th and 10th. The Russian outflanking movement at Schirwindt was equally repulsed. Russians lost 1,000 prisoners. In South Poland the German advance guards have reached the Vistula. Near Grojre, the Germans captured 2,000 of the Siberian corps. The Russian communication about a Russian victory at Augustovo and Suwalki was invented."

(By Associated Press.)  
FLUSHING, Holland, Oct. 12.—Reports stating the Belgian army that fled from Antwerp has suffered disaster are current here today. A dispatch from Hulst states that thousands of Albert's troops crossed the Dutch frontier and surrendered for internment. Rumors persistently circulated say the retreating Belgians were trapped between Lokeren and St. Nicholas by Germans advancing from the east and south and routed with heavy losses.

(By Associated Press.)  
PARIS, Oct. 12.—Official report from the general staff states the Austrians sent to relieve Prsmay have entered the Galician fortress and lifted the siege there. The report declares the Russians fled before the Austrian reinforcements.

(By Associated Press.)  
BERLIN, Oct. 12.—The general staff has announced the beginning of a strong garrison to defend Antwerp. After attacks by the German infantry and marine divisions, the defenders fled in full rout. Among the Antwerp garrison was one British marine brigade.

(By Associated Press.)  
NACAO, Ariz., Oct. 12.—Yaquis crossed from this side and attacked Naco, Sonora. Hill protested. May-torena shells yesterday destroyed a residence in Naco, Ariz.

(By Associated Press.)  
PARIS, Oct. 12.—Official: "On the French left cavalry engagements continue in the region of Labasse, Estaires and Hazebrouck. On the center the French made some progress. Germans delivered a night attack north of St. Die, which was repulsed. A flag captured yesterday belongs to the sixth regiment of the Twentieth corps, Prussian brigade, engaged October 9th and 10th, and the sixth brigade of Prussians. This brigade was engaged October 9th and 10th and the Germans were repulsed with heavy losses amounting to 200 men killed and 50 prisoners. French losses 9 killed, 40 wounded. Russian fighting continues with fierceness on the East Prussian frontier, northwest of Lyck, where the Germans are retreating. In Southern Poland, the army is fighting with columns of Germans who have reached the Vistula."

(By Associated Press.)  
NACAO, Ariz., Oct. 12.—Yaquis crossed from this side and attacked Naco, Sonora. Hill protested. May-torena shells yesterday destroyed a residence in Naco, Ariz.

### ZADIG PREDICTED STRIKE IN VELVET SOME TIME AGO

ADVISED THE MERGER MINES  
COMPANY ONE YEAR AGO TO  
BUY THE VELVET CLAIM.

Hermann Zadig, the optimist and wizard of mine operators, left this morning for San Francisco after having spent one day in Goldfield and another in Tonopah. He went to Goldfield for the purpose of informing himself regarding the wonderful reports from the Jumbo Extension and came away more enthusiastic than he had ever been over the possibilities of the southern country. He was accompanied by Richard L. Colburn, "Red Top Dick," as he was originally known in the pioneer days of Goldfield, when he figured as one of the locators of the Red Top, which is now and has been one of the richest producers of the Goldfield Consolidated Mines company estate.

"The revival of Goldfield," said Mr. Zadig this morning, "proves the value of thorough development. The showing in the Jumbo Extension proved I was correct when I stated months ago in Goldfield when the people of that camp complained and when speculation seemed dead. I told them to make the proper development and you'll be surprised to see where the money comes from to buy your stocks. This time when I was in Goldfield everybody seemed happy and everybody seemed to have money. Some brokers said they had been so rushed with business that they could not take care of the orders. These men were surprised to see the amount of money that came to buy stocks."

"This development in the Jumbo Extension is certainly something remarkable and reminds me of the time when I used to go down the Clermont to see the development there. This development will naturally lead to similar work by others who will make an effort to develop ore on lower levels. I believe before the year is out there will be such a revival in Goldfield that will make the town look like old times."

"I want to emphasize in connection with this Goldfield development that something of the same kind is likely to happen in Tonopah with a development that will cause a genuine old-fashioned boom. I still believe the future of this camp for deep mining lies in the western part of Tonopah. In Roseme I am of the same opinion that all the stockholders who stood by the property and paid their assessments will be more than recompensed for their faith. The North Star is now trying to arrange to start milling ore and this will soon be settled. Within the next few days we will naturally increase our working force."

"I believe the war will eventually be a great benefit to mining, as it will lead to the development of many mining properties. I also believe

### AUTO FIRE TRUCK ARRIVES VIA ELY IN FINE CONDITION

LEAVES COPPER CAMP SATURDAY MORNING, ARRIVING SUNDAY AFTERNOON.

The new auto fire truck arrived overland from Ely yesterday afternoon and took station in front of the Mizpah hotel, where it remained during the evening for the inspection of the curious who had never seen such a piece of apparatus before. The machine is capable of traveling at the rate of 15 miles an hour, but on the road from Ely slow time was made owing to the heavy condition of the roads and the weight of the machine, which is not built for roughing it on country roads. The first lap of the journey under the guidance of Shorty Kutka ended at Hot Creek, where the crew and an escort from the board of county commissioners rested for the night.

The truck will not go into commission for at least five days, as the builder has that time to demonstrate its fitness for the work with a full load of hose on the springs. Last night several runs were made around town to show the speed and bill climbing power of the machine, but today the real tests will begin under service conditions. The truck will be driven by Tom Pierce and the old horse crew will be retained with another relief driver to be appointed, as it is proposed to have the chauffeurs take watches of twelve hours each and thus always have an expert driver in the house. To fill the place vacated by Ed. Mims the town board recently appointed Dick McGinnis.

### HORDE OF I. W. W. ARE ON THE WAY TO RAID TONOPAH

OFFICERS FROM THREE COUNTIES WILL UNITE IN BREAKING UP GANG.

Officers from Goldfield, Tonopah and Mina will meet a delegation of forty-eight hoboes calling themselves Industrial Workers who are now headed for the southern country. Estimerda, Nye and Mineral counties have united in co-operating for the purpose of checking this invasion before bloodshed is caused. A detachment of officers left on this morning's train for the purpose of meeting the invaders and turning them back. One thing is certain, if the hostiles reach Tonopah they will receive a dose they will not soon forget, and the dose will not be administered by any unarmied officers of the law. The citizens are determined to take care of themselves since they have witnessed the friendship of the district attorney's office during their infancy in this city.

The contingent was first heard from at Truckee Saturday night, when the lone constable of that town ordered them off a Southern Pacific freight train and made the hoboes do as they were told while they stood wringing wet in a pelting rain. The Industrialists said they were coming to Tonopah and all they wanted was a chance to go through. On this explanation they were allowed to depart. Last night they reached Lantana, eight miles south of Hazen, where they were held up for the night.

### ILLINOIS OFFICIAL COMMITTS SUICIDE WHILE WORRYING

SECRETARY OF STATE FOUND DEAD IN GARAGE WITH HOLE IN HEAD.

(By Associated Press.)  
SPRINGFIELD, Ill., Oct. 12.—The body of Secretary of State Harry Wood was found this morning in the garage of his home. He shot himself through the head Sunday. His defeat for the Democratic nomination for United States senator and threatened prosecution for alleged violation of the civil service laws caused him to worry. He also had lost money by speculation in grain.

Americans will, of course, expect to have their own needs of grain provided for before shipments abroad are begun.—Washington Star.

### POSTAL TELEGRAPH CLOSES LOCAL OFFICE

OFFICE CLOSED AND ALL BUSINESS TURNED OVER TO WESTERN UNION.

The Postal Telegraph office which has been maintained here for the last four years has been closed for good, for the main reason that the company did not receive the support to which it was entitled by reason of providing competition.

Manager Waterhouse explains: "The Nevada Telephone Telegraph company has discontinued relations with the Postal Telegraph company for the reason that it is unable to maintain the high standard of efficiency observed in the past owing to the falling off in business. Our company has operated at considerable loss, which was increased during the past year. The fact that we would have to invest more money to keep up this standard is more than the business would justify. I wish to say we appreciate the liberal patronage of some of the best local firms and to express my thanks for this encouragement."

### Bomb Fails To Explode

(By Associated Press.)  
PARIS, Oct. 12.—Another bomb from a German aeroplane dropped at St. Ouen, a Paris suburb, failed to explode. The missile fell near a paint factory, where there was a gasoline tank containing 80,000 gallons.

### CHOLERA IS SPREADING IN THE AUSTRIAN ARMY

(By Associated Press.)  
VIENNA, Oct. 12.—Cholera is spreading in Austria. Troops are suffering from cold weather. Consumption of horseflesh is increasing. Two hundred horses reached the Vienna market in one day.

### SUDDEN DEATH OF BABY IN THE PERKINS FAMILY

Gertrude C. Perkins, the six months old daughter of Mr. and Mrs. Frank S. Perkins, died suddenly Saturday afternoon of heart and spinal trouble and the parents have the sympathy of their friends. The funeral was held this afternoon at 2 o'clock from the Presbyterian church and interment was in the Knights of Pythias plot in the local cemetery. Mr. Perkins is employed at the Belmont mill.

THE TEMPERATURE.  
Highest temperature yesterday, 60; a year ago, 62.  
Lowest temperature last night, 40; a year ago, 38.

### MEXICAN SHELLS DESTROY AMERICAN RESIDENCE

(By Associated Press.)  
NACAO, Ariz., Oct. 12.—Yaquis crossed from this side and attacked Naco, Sonora. Hill protested. May-torena shells yesterday destroyed a residence in Naco, Ariz.
